Fall-Winter 22-23

This season's narrative takes inspiration from the beauty of the city skyline at dusk, embracing key elements from the majestic environment and dynamic energy that the nightfall brings.

A modern and playful nature embodies the collection with delicate yet beautifully structured shapes with silhouettes that flutter between voluminous multi-layered skirts, to short and sleek mini-dresses.

The collection's palette of colours includes forest green, raspberry, mandarin, and harbour blues, thoughtfully contoured with a strong presence of charcoal black to provide a level of depth and a moody undertone.
